

Welcome to CodeLab!

An instructor account has been created for you.
Your username is your email address.

GETTING A PASSWORD.

If you don't yet have or have forgotten your password:

1. Go to www.tcgo1.com or www.tcgo2.com
2. Click **Login**
3. Click the **password reset link** at the bottom of the screen.
4. Follow the directions (this will involve confirming that you are not a bot and sending you mail with a password reset link-- the typical procedure these days)

The screenshot shows the 'CodeLab Sign In' page. Step 3 is highlighted in an orange box around the 'Forgot your password or don't have one? Click here' link at the bottom. Step 4 is highlighted in an orange box around the 'reCAPTCHA' checkbox and text.

Please fill out the form below to start the password reset process

LOGGING IN.

1. Go to www.tcgo1.com or www.tcgo2.com
2. Click **Login**
3. Enter your *username* (which is your email)
4. Enter the *password* you've selected.
5. Click **Login**

The screenshot shows the 'CodeLab Sign In' page with a successful login message: 'Welcome, prof@someschool.edu'. The 'Email' and 'Password' fields are filled in, and the 'Login' button is visible.

THE 3-BAR MENU.

Once you log in, you will see in the upper right a green, 3-bar menu. It is always present and is a top-level navigational tool. Initially you are in the area known as **Courses** where you manage your various CodeLabs.

This menu serves as the top-level navigation menu-- use it to get to your Course List (Courses), the Lab environment of the currently loaded CodeLab (Lab), access your account details (Settings), check on questions from students (Student Queries), and to *log out gracefully* (Logout).
